

IES LA ALDEA ENVIRONMENTAL ACTIONS

Co-funded by the Erasmus+ Programme of the European Union

The aim of our school has widely been engaging the youngsters of today to protect the planet of tomorrow:
"OUR ACTIONS MATTER"

One of the pannels of our main corridor is exclusively dedicated to the ENVIRONMENT: awareness actions, posters, ...

REDUCE EL USO DEL PLÁSTICO

LOS PLÁSTICOS DE UN SOLO USO REPRESENTAN EL 50% DE LOS DESECHOS MARINOS.

RECICLAR FUNCIONA

Porque gracias a la colaboración de todos, los envases de cartón y el papel se reciclan.

Reciclando consequiremos ahorrar recursos naturales, aqua y energía dando una nueva vida a estos materiales.

Por eso es tan importante que separemos bien los envases. RECUERDA: En el contenedor azul sólo envases de cartón y papel

Our Responsibility

STOP USING PAPER

DIGITAL PLATFORMS

* We avoid the use of paper.

* We use a digital platform called EVAGD.

* The school has purchased tablets to minimize the digital divide.

PRECYCLING BINS

As part of the recycling awareness work, there are recycling bins in each classroom, corridors and common areas.

STOP USING PLASTIC

Say NO plastic use own bottle

- * Stop using plastic bottles.
- * Promote the use of reusable bottles.
- * Our cafeteria will stop selling water plastic bottles.

🛟 Se pone en marcha 'La Aldea Sostenible Educa'

Cada centro con la ayuda de los educadores ambientales diseñará una hoja de ruta que se pueda ejecutar dentro del centro para hacerlo más sostenible en el ámbito de energía, residuos, movilidad, agua... La idea es hacer llegar el mensaje a toda la comunidad educativa, y por ende a toda la ciudadanía.

La concejala se siente muy satisfecha ante la respuesta de todos los centros, que han acogido la idea y se han sumado al proyecto. "La finalidad es que salga algún documento práctico para que se pueda ejecutar en cada uno de los colegios y el instituto de cara al próximo curso", apunta.
