Notice

Following the measures adopted by the *National Committee for Special Emergency Situations* within the Romanian Government from March 9, 2020, namely “the interruption of exchange study programs until March 31,” all mobilities within the Erasmus + programs, the European Solidarity Corps and The European Economic Area Space Grants are suspended until the same date (departures or arrivals within this period).

All the expenses occurred in advance for mobilities that will not take place are subject to force majeure and are considered eligible.

As far as possible, we would like to reprogram your mobilities and we are open to further proposals.

We look forward to seeing you in Bucharest,

Ramona Mihăilă, Professor Ph.D.

Vice Rector for International Relations
